

ELECTRO-GRAPH[®]

The Electro-Graph Quality Policy

E/G Electro-Graph, Inc. will continuously strive to exceed customer expectations on:

- Competitiveness
- Timeliness
- Product Performance

By focusing on these aspects of our business, in conjunction with the ISO-9001 International Standard, Electro-Graph will maintain its dominance in the Semiconductor Equipment niche it has chosen. Our entire organization is committed to dramatic and sustained improvement through the use of Key Process Indicators. The measurement of these indicators will provide objective evidence of our progress.
